Matt vocal mic provided**

**Keys – DI**

**Norm Vox**

**Band Provides  
Wireless Vocal Mics**

**Mason Vox**

**Wireless Horn Mics  
Provided**

**Kevin Vox**

**Female Vox**

## Monitor Requirements:

Hornucopia carries a self contained 16 channel in-ear monitor system. No wedges are required and it is preferred that wedges are cleared from stage.

The system contains two 50 ft. 16 channel whips (1 fan, 1 stage box) to provide signal to monitor console and FOH console. All inputs from stage must first route to monitor stage box (Except HH). The fan side of the monitor whip is routed to FOH stage box. Monitor stage box is labeled with each instrument and all stage lines must be plugged in accordingly. The fan side is labeled with each instrument's name so FOH can easily be assigned to desired order.
